Cost Of Silver Pearl Granite Per Square Foot

[Silver Pearl granite can cost from \\$40 to \\$50 per square foot.](#) Homeowners are typically delighted when they find such affordable granite, especially due to its aesthetic. Essentially, they examine the star-crossed appearance of the surface and fall in love with how smooth it feels. Blending silver and purple striations on a blue-gray background, it's no wonder why this is so sought after.

Why Should I Choose the Silver Pearl Granite?

Besides the appearance of the stone, there are many features that Silver Pearl granite provides to the rest of the decorum. Some of the possibilities can include: kitchen countertop, bathroom vanity top, backsplash, shower wall, fireplace surround, flooring, and many others. With so many applicable areas, homeowners quickly arrange the installations as soon as they find the surface.

Qualities Of Silver Pearl Granite

Silver Pearl granite countertops are resistant to heat and can withstand extreme temperatures, possibly exceeding 1000°F, almost over 500°C. Naturally, Silver Pearl granite is resistant to stains. However, to ensure the granite is impenetrable to liquids, homeowners should still seal the stone. Another benefit to installing Silver Pearl is the finish; this particular granite is available in both polished and leathered finishes. Adding beauty to any room that it's installed in, homeowners will be able to relish all the dark gray color volumes implemented into the living space.

Styles That Silver Pearl Granite Can Match With

Darker granite can revitalize a neutral toned space, or it can contrast a more bolder palette. In other words, Silver Pearl granite can make the stone the centerpiece of the space, or it can redirect the focus to the remaining space within the room. The Silver Pearl granite is compatible with kitchen countertops, bathroom vanity tops, backsplashes, showers, fireplace surrounds, and floors.

With Silver Pearl granite, you can elevate your interior by defining what kind of style you'd want to incorporate into your spaces. Modern styles are probably the most befitting spaces to replicate with the installation of your Silver Pearl granite. The appearance of the granite is that much more appealing with the installation of oak, gray, dark gray, and white cabinetry. Whether you're looking for something bold and dark or something [neutral and light](#), the Silver Pearl granite can transform a room into something extravagant.
