Ubatuba granite

Ubatuba Granite is very dark in color. It is a very popular style and will give your home a stylish look.

Giallo Ornamental granite

Giallo Ornamental Granite is a creamy golden color. Choosing the style will bring a sense of warmth to the area the stone is used in.

Santa Cecilia granite

Santa Cecilia Granite can vary greatly in color, though all colors have a creamy tone. This beautiful natural stone is quarried in Brazil.

Kashmir White granite

Kashmir White Granite is a gray and white stone that can greatly enhance the look of your home.

New Venetian Gold granite

New Venetian Gold Granite is a lighter creamy colored stone that can work well if accompanied by lighter colored fixtures.

Bianco Antico granite

Bianco Antico Granite is a Brazilian stone that is white and gray. The stone also features small touches of light gray, brown and white.

Tan Brown granite

Tan Brown Granite is a brown, black and gray stone that is quarried in India.

Baltic Brown granite

Baltic Brown Granite is a beautiful brown stone that is quarried in Finland.

Black Pearl granite

Black Pearl Granite is a gorgeous black and gray natural stone that is quarried in India.

Black Galaxy granite

Black Galaxy Granite is a stunning black stone that features gold or white flecks. The stone is quarried in India.

Absolute Black granite

Absolute Black Granite is an elegant solid black stone that is quarried in India. This stone can work well in many different areas of the home.

Volga Blue granite

Volga Blue Granite is a black and blue natural stone that is quarried in Ukraine.

How Much Should You Expect to Pay for Granite?

Different types of granite will come at different costs. Granite that is rare will be priced higher than types of granite that are more commonly found. For a better idea on the cost of granite, you can check out this guide for the [cost of granite countertops](#).
