Oak cabinets are a common presence in homes. When it comes to wood cabinets, oak is one of the most popular materials used. In addition to oak cabinets, granite is one of the most popular building materials for countertops. Because of this, you will want to make sure you find a beautiful granite countertop to pair with your oak cabinetry. This guide will help you learn which types of granite are the best fit for oak cabinets.

Lighter Colored Granite

One of the best qualities of oak cabinets is that they are generally neutral in color, which makes finding a type of granite that pairs well relatively easy. Below are some of the best lighter colored granites to pair with oak cabinetry.

Granite for Oak Cabinets: Light Colored

Snow White granite

New Venetian Gold granite

Giallo Napoleone granite

Snow White Granite

[Snow White granite](#) is a beautiful white granite that contains gray veins. It is an excellent choice for a lighter colored kitchen countertop and can also look great as a backsplash. If you are going for a lighter kitchen design, this natural stone is a great fit for oak cabinets.

New Venetian Gold Granite

This light honey colored stone pairs very well with oak cabinetry. [The stone](#) features amber, white and black flecks that add to the beauty.

Giallo Napoleone Granite

[Giallo Napoleone granite](#) is a consistent off-white colored granite that has light golden yellow highlights and burgundy flecks. This stone is an excellent lighter colored granite to pair with oak cabinets.

Medium Tone Granite

If you do not want a granite countertop that is light but also do not want one that is too dark, there are plenty of medium tone granites that you can choose from. Pairing these with oak cabinetry can help you stick to neutral colors in the kitchen.

Granite for Oak Cabinets: Medium Colored

Netuno Bordeaux granite
Giallo Ornamental granite
Golden Persa granite

Netuno Bordeaux Granite

If you want something that is not quite light but also not too dark, [Netuno Bordeaux granite](#) is an excellent choice to pair with oak cabinets. This gorgeous natural stone has tones of ivory and gray that are accompanied by brown veining.

Giallo Ornamental Granite

The brown and gray tones of [this](#) granite will pair well with virtually any style kitchen cabinets, including oak. It is no surprise that this beautiful stone is a top countertop choice among homeowners.

Golden Persa Granite

If you are looking for something that is a little bolder, [Golden Persa granite](#) can be an excellent choice. The golds, browns and grays of this stone can pair well with oak cabinets.

Darker Granite

Perhaps you are searching for darker granite colors to pair with your oak cabinets. If that is the case, some of your best options are listed and explained below.

Granite for Oak Cabinets: Dark Colored

Imperial Coffee granite
Black Pearl granite
Titanium granite

Imperial Coffee Granite

[Imperial Coffee granite](#) is a beautiful consistent brown granite that has small hints of white throughout. If you are looking for a darker granite to contrast your oak cabinetry, but do not want to go as dark as black granite, this stone can be just what you are looking for.

Black Pearl Granite

[This amazing natural stone](#) is a wonderful choice for contrasting oak cabinets. Its rich, dark tones can create an amazing look for your kitchen.

Titanium Granite

This breathtaking natural stone features a dark base with distinctive white veins and subtle hints of gold. [Titanium granite](#) is a fantastic option to contrast oak cabinets.

Why Choose Granite Countertops?

There are so many terrific reasons to choose granite countertops. No matter what color or style you choose, you will be getting one of the most beautiful natural materials you can find. You will certainly not be limited in your selection, as there are hundreds of types to choose from.
